Wisconsin Nurseries, W. J. Moyle, Union Grove, Wis.

Dear Sir: Everything I get from you seems to have strong, healthy roots, and apparently has been given such a good start in life that when it is placed in my garden or yard it just takes hold and grows beautifully. The only things I have lost were two black raspberries last year, and some of the ten-for-a-dollar peonies. The latter were ordered well into the summer of 1914, a bad time for transplanting. A catalpa tree we got last year from you grew wonderfully and this spring will be a splendid object in our yard. It is no trouble at all to get nice trees, plants, fruit bushes and shrubs started, even in this awful red clay of the lake shore, so long as one buys the stock from the Wisconsin Nurseries. We have tried others where we paid more, and we know.

Herewith my check for the inclosed order.

Yours very truly,
ROBT. E. KNOFF.

SHEBOYGAN, WIS., May 6, 1916.

Dear Sir: Roses arrived in good condition. Little further advanced than I would liked to have them but last night after planting them we had a good soaking rain. Every year I buy from 25 to 40 new bushes, so if yours come up to expectations you may expect repeat orders.

It is almost impossible for me to order earlier as I cannot determine how many of my bushes have been killed during the winter. When I ordered I figured that I had 24 killed. Now I find that 9 which I thought were dead are sprouting. Enclosed find postage on parcel.

Yours truly,
W. F. ZIERATH.
